PROFESSIONAL SUMMARY

Full-Stack & AI Automation Engineer with 1 year of experience building end-to-end client-facing systems — LLM/RAG pipelines, chatbots, and production web & mobile apps. Works across the stack: prompting/orchestrating AI models (Claude, Gemini, GPT), React/Next.js and FastAPI/Node.js, vector & relational databases. Advancing toward AI/ML Engineering and Cloud-DevOps.

KEY HIGHLIGHTS

- Built and shipped 3 production-grade systems solo end-to-end: an AI chatbot/RAG assistant, a MERN marketplace platform, and a cross-platform Flutter healthcare app.
- Direct client delivery experience across app development, web builds, and AI integration — the exact profile Forward Deployed Engineer roles hire for.
- Fluent across the modern AI tool ecosystem: Claude Code & Cowork (skills, plugins, connectors), LangChain/LangGraph agent orchestration, and multi-model prompting (Claude, Gemini, GPT).

CORE TECHNICAL SKILLS

- AI / ML & Automation:** RAG pipelines, LangChain, LangGraph, agentic AI workflows, prompt engineering & orchestration, Claude (Pro + Claude Code + Cowork + MCPs), Gemini Pro, GPT-4/Plus
- Conversational AI & Chatbots:** LLM-powered chatbot design, voice-to-text & text-to-voice interfaces, multimodal query systems
- Programming Languages:** Python, Java, TypeScript, Dart
- Web Development:** HTML5, CSS3, Tailwind CSS, React.js, Next.js (App Router)
- Backend & APIs:** Node.js, Python (FastAPI), REST API design
- Databases:** MongoDB, PostgreSQL, SQL, Vector Databases
- Mobile Development:** Flutter/Dart — Android & iOS, Play Store deployment
- Methodologies & Tools:** Agile, Scrum, Kanban, Git, TDD
- Digital & Search:** SEO, AEO, GEO

EXPERIENCE

Software Engineer — AI Automation & Full-Stack / *Fuzionest* 2025 – Present

- Delivered end-to-end web, app, and AI-integration projects for real clients — core Forward Deployed Engineer experience.
- Built AI automation and chatbot workflows using LangChain and LangGraph, orchestrating LLM-driven features into production applications.
- Collaborated with cross-functional client and internal teams in an Agile/Scrum environment to ship iterative releases.

IoT Protocols & Systems Intern / *Innovate Engineering Products* 2024-2025 / *Krish-Tec* 2023 – 2024

- Implemented real-time IoT protocols (**MQTT, CoAP, HTTP**) for device-to-cloud communication, reducing latency by **25%**.
- Automated protocol testing with Python scripts, saving the team **10+ hours/week** in manual validation.

PROJECTS

AI-Powered Data Query Assistant (Chatbot + RAG) 2025

GitHub: github.com/ravinnallasamy/assistant

- Developed an AI-powered chatbot using LLM and RAG architecture for intelligent, data-driven responses.
- Implemented vector search embeddings for semantic similarity matching against a knowledge base.
- Integrated voice-to-text and text-to-voice for a multimodal conversational interface.

Uzhavan Rentals — Agricultural Equipment Rental Platform 2025

GitHub: github.com/ravinnallasamy/agricultural-equipment-rental

- Developed a MERN-based platform enabling farmers to rent and lease machinery efficiently, with role-based access control.
- Designed a responsive equipment catalog with advanced search/filtering, improving navigation by **40%**.

Tumor Patients App (Flutter, Android & iOS) 2025

GitHub: github.com/ravinnallasamy/brain_patient_management_app

- Built a cross-platform healthcare app for post-treatment monitoring, improving patient engagement by **35%**.
- Optimized performance for Android and iOS, achieving response times under **1.5 seconds**.

EDUCATION

Bachelor of Information Technology — Dr. N.G.P Institute of Technology, Coimbatore 2022 – 2026 / *CGPA: 8.4*

HSC — K.R.P. Matric Higher Secondary School, Sankari (2022, 89.16%)

SSLC — K.R.P. Matric Higher Secondary School, Sankari (2020, 95.8%)

ACHIEVEMENTS

- Innovation Award:** Winner, Machine Learning Project Competition (2024) — Multiple Disease Prediction Model, 85%+ accuracy across 3,000+ records.
- Academic Excellence:** 3rd rank out of 120 students, IT Department (2023).
- Leadership:** Organized 3 technical workshops/coding events under the XEMAC Association as vice-president, benefitting 150+ students.
- Community Impact:** Coordinated Blood Donation Camps and Clean India drives, resulting in 100+ voluntary contributions.
